About the Speakers

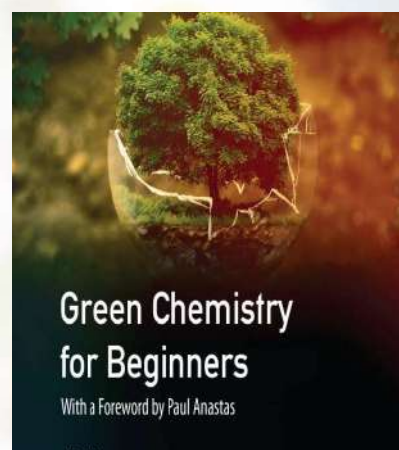

Dr. Manavi Yadav is presently working as a post-doctoral fellow at the New Jersey, Institute of Technology (NJIT), Newark, United States. She is also the Treasurer of Royal Society of Chemistry London, North India Section. Until recently, she was working as Assistant Professor at Hindu College, University of Delhi. Her overarching theme of work is Green Chemistry with an emphasis on Design and synthesis of heterogeneous catalysts for sustainable development.

She has more than 32 publications in journals and books of international repute. She co-authored a book "Green Chemistry for beginners" in which she contributed four chapters; is a must read for undergraduate and postgraduate students who wish to understand the topic.

She is a thoroughbred student of University of Delhi completing her B.Sc. (H) Chemistry (Maitreyi College, 2008), M.Sc. Chemistry (Hindu College, 2010) and Ph.D. (Chemistry, University of Delhi, 2017). During her student days she was Chair of ACS Student Chapter, University of Delhi and President of Eureka ChemSoc, a chemical Society of Royal Society of Chemistry London at University of Delhi. She is a recipient of several awards, notable being best poster award in the 21st Green Chemistry and Engineering Conference organized by the American Chemical Society Green Chemistry Institute (ACS GCI) and Young Researcher Award by Save the Environment for her magnificent contribution to contemporary research.

Dr. Manavi Yadav

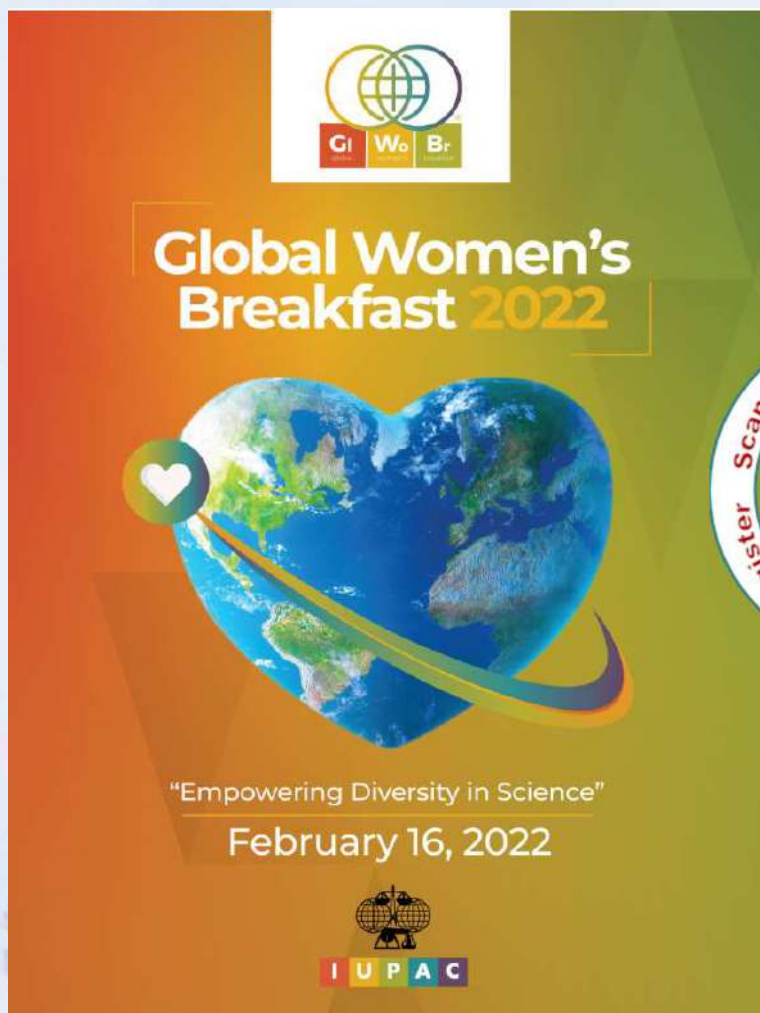

Dr. Suman Shekhar is presently working as an Assistant Professor in the Department of Chemistry, Daudnagar College, Daudnagar, (Aurangabad), Magadh University. His field of interest is in environmental related issues with an emphasis on waste to energy conversion processes, wastewater remediation, CO₂ utilization, solid waste management, removal of color and toxic elements from water, waste heat utilization. He has more than a decade of teaching and research experience; working in both industry and academia. He has published numerous papers in international journal of repute and has also submitted two patents. He completed his Ph.D in 2014 from Birla Institute of Technology, Ranchi, Jharkhand. Given his wide experience in industry and academia he could have easily worked elsewhere but decided to stick with his alma mater "Magadh University" and is donning important responsibilities in the corporate structure of the Institution.

About the Event

IUPAC Global Women's Breakfast

The Global Breakfast is an event that happens on a single day in February of each year in conjunction with the U.N Day of Women and Girls in Science. The aim is to celebrate the accomplishments of Women in Science and to inspire younger generations to pursue careers in science. The theme for 2022 is "Empowering Diversity in Science". Women and men from all types of science organizations working in all areas of science come together to share breakfast either virtually or in person. A central goal is also to establish an active network of both men and women to overcome the barriers to gender equality in science. The Global Breakfast facilitates the formation of communities on a local, regional, and international scale to effectively share ideas and strategies for progress.

About the Topic

Sustainable Chemistry

<https://www.fisheriesindia.com/2020/08/how-principles-of-green-chemistry-can.html>

As defined by OECD, "Sustainable chemistry is a scientific concept that seeks to improve the efficiency with which natural resources are used to meet human needs for chemical products and services. Sustainable chemistry encompasses the design, manufacture and use of efficient, effective, safe and more environmentally benign chemical products and processes."

The environmental and societal benefits of sustainable chemistry include:

- ❖ Avoiding the use of persistent, bioaccumulative, toxic, and otherwise hazardous materials;
- ❖ Using renewable resources and decreasing consumption of non-renewable resources;
- ❖ Minimising negative environmental impacts of chemical processing and manufacturing;
- ❖ Providing technologies that are economically competitive for and advantageous to industry.

About the organizing Institutions

R.K.D. College, Patna is a NAAC accredited co-educational constituent college of Patliputra University, Patna. Established in 1964 it offers 20 conventional courses and five vocational courses at undergraduate level. Present enrolment of students in the institution is around 5000 and is a melting pot of various culture, region, ideas, faiths and represents the students from entire socio-economic strata. Under the visionary leadership of the present principal Prof. (Dr.) Indrajit Prasad Roy the institution is taking giant strides towards establishing itself as one of the premier colleges of the Patliputra University, Patna.

J. D. Women's College is a NAAC accredited Constituent unit of Patliputra University, Patna. It was established in the year 1971 to foster the cause of higher education for women in the State. The college possesses a campus of 2.41 acres with more than six thousand students enrolled in more than 25 undergraduate and postgraduate courses and has established itself as the premier women's college of the Patliputra University, Patna. The institute presents a vibrant environment for fostering overall development of the student and help the students to cope and successfully overcome the new challenges in academic, social and personal life. Under the dynamic leadership of the present principal Prof. Meera Kumari, the institute is taking initiatives, forging connections with other premier institutions and many new projects are on the anvil.

SUSTAINABLE DEVELOPMENT GOALS

"Even today, in the 21st century, women and girls are being sidelined in science-related fields due to their gender. Women need to know that they have a place in science, technology, engineering and mathematics, and that they have a right to share in scientific progress."

Subject: Invited Lecture for Departmental Symposium-Resonance-2023 Q3 to be held on 14th October 2023.

Sir,

We, The Faculty and Students of Department of Chemistry solicit your presence to grace the occasion as the speaker, on one- day Departmental Symposium-**Resonance-2023-Q3 "Emerging Trends in Chemical Sciences"** scheduled to be held on October 14, 2023 in my college. It is being organized by **Dept. of Chemistry, M.R.M. College**, a constituent unit of LNMU, Darbhanga, Bihar, India. The brochure of the workshop is attached for your kind information.

It will be a matter of high inspiration for us if you deliver an invited talk on "**Emerging digital initiatives in chemical education**" in the Symposium.

Hope, the entire department will be benefitted by your inspiring Talk/lecture.

With regards,

Yours Sincerely

(Dr. Nisha Saxena)
